1 Login to the application

The application is accessible through the Independent's Authority for Public Revenue website via the path "Customs Services-> Digital Services, Electronic Transactions- e Customs, entitled: " Transit NCTS P5- Electronic Transit Service" using TAXISnet codes.

By selecting "Login to the application" the screen appears the below image.

The login screen features the ΑΑΔΕ logo and name in Greek. It includes a 'Username' input field, a 'Password' input field with a toggle icon, a blue 'Sign in' button, and a 'login via GGPS' button.

Figure 1. Login screen

When the "login via GGPS" choice has been pressed, the login screen appears.

The image shows a login form on the govgr website. At the top, there is a blue header with the govgr logo on the left and the text 'ΕΛΛΗΝΙΚΗ ΔΗΜΟΚΡΑΤΙΑ Υπουργείο Ψηφιακής Διακυβέρνησης' on the right. Below the header, there are two input fields. The first field is labeled 'Όνομα χρήστη' (Username) and has a red arrow pointing to it from the word 'USERNAME' in red. The second field is labeled 'Κωδικός πρόσβασης' (Password) and has a red arrow pointing to it from the word 'PASSWORD' in red. Below the input fields, there is a blue button with the text 'ΣΥΝΔΕΣΗ' (Login). To the right of the button is the logo of the 'Γενική Γραμματεία Πληροφοριακών Συστημάτων & Ψηφιακής Διακυβέρνησης'. At the bottom of the form, there is a disclaimer in Greek: 'Απαγορεύεται η μη εξουσιοδοτημένη χρήση αυτής της τοποθεσίας, η οποία μπορεί να επιφέρει αστική και ποινική δίωξη.'

Figure 2: Login through TAXISnet credentials

The user fills in the TAXISnet login credentials and clicks "Login". If the credentials have been filled in correctly and only during the first login, the following screen appears.

The screenshot shows a web form for password initialization. At the top left is the AADE logo, and to its right is the text 'ΑΑΔΕ' and 'Ανεξάρτητη Αρχή Δημοσίων Εσόδων'. Below this is a yellow warning box with a triangle icon and the text: 'Αρχικοποίηση συνθηματικού (password) για την υποβολή των παραστατικών μέσω Webservice'. The form contains two input fields: 'New Password' and 'Confirm password', each with a toggle eye icon. Below the fields is a checked checkbox labeled 'Sign out from other devices'. At the bottom is a blue 'Submit' button.

Figure 3: Initialization of Web services Password

The user sets the new password. Then the user has to confirm it by filling it in again. Finally, he selects «Submit».

Attention: **The password initialization concerns the use of web services only.** The password that will be filled in at this stage concerns only the use of web services (system-to-system communication) and not the use of the application. This password will be used in service calls. It has nothing to do with the initialization of the user's TAXISnet password.

The password can be modified at any time through the "My Account" option.
